

Dear legislators,

I oppose SB184 to allow for extended no-excuse absentee voting. COVID-19 is no good reason at this point , two years out, to extend no-excuse absentee voting for the upcoming November 2022 elections. We are not in a state of crisis anymore in Connecticut.. not even close. We have initiated all sorts of new (in the last a handful of months) initiatives that suggest otherwise bring in tourism into ct. This is a sad excuse for why to extend absentees voting and presents as just blatant fraud.

Thank you

Deb Selearis
